Re: Grant #2056

Dear Dr. Simic:

The Scientific Director and CTR's staff have discussed your letter of November 3 concerning partial support of the 4th International Congress on Oxygen Radicals to be held June 27 - July 3, 1987 in La Jolla.

This is a topic of considerable interest to the Council, and the list of speakers assures us that the quality of the meeting will be very high. We have traditionally considered the support of such conferences an important part of our mission. I therefore am pleased to tell you that we will make a contribution of \$2,500.00 (the maximum amount we allocate for the support of a meeting) to help defray the costs of the symposium. A check for that amount is enclosed with this letter.

We request only that these funds not be used to reimburse expenses incurred by participants from the industrial sector. We would also very much appreciate your holding open one registration slot for attendance by a representative from this organization.

Sincerely,

Harmon C. McAllister
